## **SC Child Care Resource & Referral Network**

The South Carolina Child Care Resource & Referral Network helps parents find child care providers in their area. In addition, they provide training and support to child care providers related to overall program quality.

## **Child Care Ready for All**

Child Care Ready for All (CRAwl) is a nurse-led program working with childcare providers and families of children with significant healthcare needs. Parents and childcare providers can contact the CRAwl team to learn more about the services and trainings available for assisting with the daily management of children with significant healthcare needs in a childcare setting.

## Special Education Itinerant Teacher (SEIT) Academy

The SEIT Academy is a virtual continuing education series and is designed to promote and support the implementation of a special education itinerant model within early childhood programs as part of the continuum of services for preschool children with disabilities.

## SC Partnerships for Inclusion

South Carolina Partnerships for Inclusion (SCPI) is an early childhood technical assistance (TA) center focused on increasing inclusive opportunities and school readiness for preschool children with disabilities. SCPI partners with school districts to build local capacity to support all young children and their families to belong and thrive within their communities. SCPI uses a professional development model of TA, training, and ongoing support to meet the needs of districts, schools, and educators.

## DSS Division of Early Care and Education

The Division of Early Care and Education of the Department of Social Services is responsible for ensuring that South Carolina's Children have a safe and nurturing environment while in child care.

## ABC Quality

The ABC Child Care Quality Rating and Improvement System helps providers achieve higher standards of quality in caring for the children they serve, making higher quality services available to more families. This program also can provide funding for children from low-income families to attend child care so their parents can work, or attend school or training to obtain a job.

## SC Program for Infant/Toddler Care

The SC Program for Infant/Toddler Care (SCPITC) Network offers training and coaching to directors and care teachers who serve children birth to 3 years old in centers or family child care homes.

## SC Inclusion Collaborative

The South Carolina Child Care Inclusion Collaborative (SCIC) provides individualized training and technical assistance for child care providers to support the inclusion of children with disabilities and developmental delays in child care programs. Our inclusion specialists work directly with child care staff and program administrators to increase the use of evidence-based practices that lead to access and meaningful participation for all children.

## Pyramid PIECES Behavior Support Network

The Behavior Support Network serves as a natural extension of program-wide Pyramid Model implementation, designed and implemented to support tier 3 interventions and to prevent suspension or expulsion from early care and education settings within child care programs and school districts.

## Pyramid PIECES Program-Wide Pyramid Model Implementation

Program-Wide Pyramid Model Implementation offers childcare programs, districts, and schools a systematic framework of practices to support the social and emotional wellbeing of young children.
